Situated at the heart of the British Isles, the Isle of Man is a nation steeped in rich natural and cultural heritage. From legends of fairies and giants to historic conquests and parliamentary firsts, our Island is one of timeless beauty and endless diversity - and is much closer than you may think.

At the Claremont, we believe the best way to explore the character and history of a nation is to discover it through the eyes of those who know it best, which is why we've teamed up with Manx National Heritage to give you the chance to create your own story of Mann.

Trace our culture from some of the oldest civilisations on earth through to the modern day with a choice of exclusive national heritage offers available to ensure that you experience all the Island has to offer, all year round - including unlimited travel on the **Victorian Steam Railway, Manx Electric Railway, Snaefell Mountain Railway, Horse Trams** and **buses**, optional VIP guided tours, luxury afternoon teas and unlimited access to all heritage sites.

Rushen Abbey

Visit **Tynwald Hill**, the meeting place of the oldest continuous national parliament in the world or board the **steam train** and experience our breath-taking scenery in Victorian style. Re-live the past at the Viking stronghold of **Peel Castle, Cregneash Folk Village** or **Castle Rushen** or take a tour through the annals of a history forged from seven kingdoms at the cutting-edge **iMuseum, Manx Museum** or the **House of Mannanan**.

Our exclusive heritage breaks also offer you the chance to experience the Isle of Man in four star luxury at the multi-award winning Claremont hotel, where you'll enjoy a 3 course dinner and breakfast each day at Coast Bar & Brasserie and experience glittering sea views across Douglas Bay.

Take the time to discover the delights of a Victorian town on your doorstep using the world's oldest surviving horse drawn trams and enjoy stunning coastal walks just minutes away. With The Claremont, your holiday can be whatever you make of it and in association with one of the most accomplished heritage foundations in Europe; we invite you to experience today our legacy from the past.
